

Sneaking Past the Guard Dog

Holding your breath, you tiptoe quietly past the big sleepy guard dog, his ears twitching in the shadows as he guards his secrets. Stay very quiet and move your fingers like tiny paws so he doesn't hear a single sound. One wrong move and you could blow the whole mission! Which bar is the scariest? What secret is he guarding?

With Stealth ♩ = 104

Susan Griesdale

p Tiptoe quietly!

pp go slower

shhh! be extra quiet!
